From the Managing Trustee’s desk:

The year 2021 was a big milestone for our trust in 2 aspects. One was the inauguration of our renovated old age home building despite many odds including Covid.

April to June 2021 saw the peak of Covid in India and it was during this time we completed our renovation amidst several challenges due to the lockdown and illness all around. It is purely due to the grace of the almighty and the best wishes of our donors that we were able to successfully complete our project well within the defined timeline.

The second was the commencement of our “Food on Wheels” project which delivers free food to the needy every Saturday to start with. We have acquired a customized van for this purpose and this project was started in Sept 2021.

We look forward to the support of all of you in the 2022 as well. Once again I thank all the donors, well-wishers, trustees, advisors, staff and our elders in helping us to continue this dharmic task.
